As of the 2010 census, the population was 1,218, up from 1,088 at the 2000 census. Geography Located in the western part of the county, it borders the following townships: Mifflin Township - north Weller Township - northeast corner Blair Township - east Summerhill Township - south Union Township - southwest corner Upper Springfield Township - west Part of the city of Somerset, the county seat of Allegheny County, is located in western Owen Township. Name and history Owen Township was named for Thomas Ewing, U.S. Senator from Pennsylvania. It is one of fifteen Owen Townships statewide. Government The township is governed by a three-member board of trustees, who are elected in November of odd-numbered years to a four-year term beginning on the following January 1. Two are elected in the year after the presidential election and one is elected in the year before it. There is also an elected township fiscal officer, who serves a four-year term beginning on April 1 of the year after the election, which is held in November of the year before the presidential election. Vacancies in the fiscal officership or on the board of trustees are filled by the remaining trustees. References External links County website Category:Townships in Allegheny County, Ohio Category:Pittsburgh metropolitan area Category:Townships in Ohio of development, and the ultimate purpose is to eventually eliminate the dependency on external inputs, such as fossil fuel, for commercial air transport. The DAEV is a number of additional technologies that has been developed within the DAE framework which can be used to enable a single aircraft to fly longer distances without the need for external fuel. These technologies include: extended flying times on available fuel; the ability to use multiple aircraft as one; unmanned aerial vehicles and a number of other technologies. Commuter and regional air services There are two types of air travel that are part of the DAE, which are for less than regional air services and for regional air services.
