App review: 4 stars Auto Captcha Solver is a very popular and easy to use captcha solving program. This tool is designed to solve automatically any kind of captcha codes of over 10 websites or scripts. Unfortunately, it's very known that some of the sites which are using this captcha solver program are not able to open their website because of the incorrectly encoded CAPTCHA code. This program is designed for casual users, so it is very easy to use, and it can be used to solve captcha codes on many different websites and web applications from a single click. The program is simple to use and it is strongly advised to use it because the whole process of captcha solving is automatically managed by this program and all is done with the press of a button. This program can be used with two different platforms, one of them is Jdownloader. So if you have Jdownloader installed on your mobile or computer, you can use this program to solve the captcha codes and other stuff you're going to visit. Features: • Solve most of the captcha codes like google. • Easy to use. • Auto captcha solving (using OCR technology). • Supports most of the websites and web applications. • Safe and secure. • Over 10 websites and scripts supported. • All features and functions of Captcha Solver (free version). • No need to share anything. • Backup and restore feature. • Autosave feature. • No need to send any information to the
