Q: Hibernate, Spring and JPA: Accessing the column of a one-to-many relationship I'm trying to model a client-service relationship with JPA and Hibernate. I have a client and a service, and the service may have several clients. A service can have many clients (it is a one-to-many relationship). Here's a skeleton of my current code: @Entity @Table(name="client") public class Client implements Serializable { private static final long serialVersionUID = 1L; @Id @Column(name="id") private long id; @Column(name="name") private String name; @Column(name="username") private String username; //Getters and Setters } @Entity @Table(name="service") public class Service implements Serializable { private static final long serialVersionUID = 1L; @Id @Column(name="id") private long id; @Column(name="name") private String name; @OneToMany(fetch = FetchType.LAZY, mappedBy = "service") private List clients; //Getters and Setters } So basically, a service has a list of clients. What's the right way to

This picture is taken from a depth of 4,988m, or 18,201ft, the deepest place in the entire world. This spot is located in the Mariana Trench, the deepest part of the Pacific Ocean and is one of the most extreme dive sites in the world, considered one of the most scenic and unexplored places on Earth. Not only is this location challenging due to the depth, but it is also difficult because of the accessibility of this site, as it is not easy to get to. Also, this is a popular spot for scuba divers and snorkeling is prohibited here, so unless you

have your own equipment, you will need to rent one. The Mariana Trench is considered as one of the four major trenches in the Pacific Ocean. There are hundreds of other places to dive and snorkel in the ocean, and some of them are less extreme than this place. Some of the questions that need to be answered about this location are: How deep is it? When was it first dived? How much is it? How big is it? Is there any

System Requirements:

Most of the screenshots are from the "Normal" (softcore) mode. The game does feature Hardcore mode as well, but those will be added later.
