Start - A Better New Tab is a new tab extension for Google Chrome that helps you view and configure the new tab page. With this extension, you can easily view live tiles that display content relevant to your current location, top websites, apps, and social media. Furthermore, you can also view news, a simple to-do list, notepad, and shortcuts to your

favorite social networks, such as Facebook, YouTube, and Google+. You can also access your Google Calendar and your Spotify account, as well as get connected to your Google Drive, and Drive files. Furthermore, you can check out the status of your Uber ride, and you can also receive YouTube videos that are currently Hot in the New Tab page. Start - A Better New Tab for Chrome is an easy-to-use browser

extension that gives you the possibility to customize the looks and functionality of the page displayed when opening a new tab in Google Chrome. Customize the new tab in Chrome using live tiles It shows live tiles with the weather details in your location, top websites visited by you, bookmarks you saved, news, emails received in your Gmail account, along with Facebook notifications, messages and

friend requests. Furthermore, you can check out YouTube clips that are hot right now, a simple notepad and to-do list to help you write reminders and notes, along with shortcuts to Google apps, such as Slides, Docs, Sheets, Drive, YouTube, Facebook and Chrome Web store. Syncs with Gmail, YouTube, Facebook, Uber, Spotify, and more Start - A Better New Tab's features don't end here since you can also

view stock information, call Uber rides, get connected to the Google Calendar and your Spotify account, as well as view a clock. Any of these tiles can be hidden if you're not interested. While downloading and installing the browser plugin from the Chrome Web store, it asks for permission to read and change all your data on the websites you visit, display notifications, detect your physical location, as well as to

manage your apps, extensions and themes. Once everything is set, you can open a new tab to view the modifications. Change the wallpaper and configure other settings In addition to the live tiles, you can look up information on Google in a search bar on top of the tiles, as well as quickly access Google apps, extensions, history, bookmarks, downloads, settings or the store using shortcuts. information instead of expanded view, and set a different location. Besides toggling the live tiles, they can be re-arranged with drag and drop. Adds more features to Chrome via the new tab We haven't come across any compatibility issues with the latest Chrome version in our tests. Too bad that it doesn't give you the possibility to set your own wallpaper image. Also, it cannot change the photo automatically.

Otherwise, Start - A Better New Tab offers intuitive customization preferences for users interested in getting more out of the new
